Miles is a spunky and happy fellow! (DOB 3/20/25) His dam is ASV Kevina and his sire is Black Oak Braxton. He is very nicely marked and has those woolly Valais curls to die for. He will be registered with VBSS and DNA-verified by Flock 54. As we are retaining his twin sister, Madeleine, we'd like him to go to home with another wether. You will love Miles, we call him "Miles of Smiles" for a good reason!

MEL

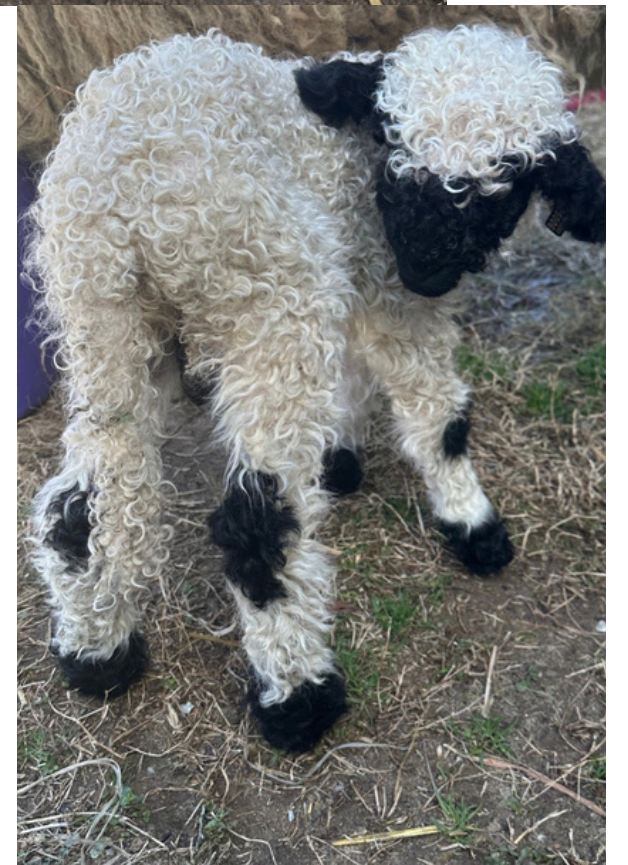

F4 Wether (93.75% VBN)

Tag #TN015397/25006

Mel (DOB 3/21/25) likes to leap with joy and has a sweet and curious disposition. As a triplet, he and his two sisters get a little supplemental bottle milk, so he is already a big fan of humans and the first to seek attention. He is out of ASV Kateri and sired by Black Oak Braxton. He has gorgeous wool, nice markings, and will be registered with VBSS and DNA-verified by Flock 54. As we are retaining his two sisters, we'd like to see him go to a home with another wether.

He is beautifully marked (has a slight break in his face mask), VERY solidly built, and is showing that beautiful leg wool we love to see in this breed. He is out of ASV Kinga and sired by Black Oak Braxton. He will be registered with VBSS and DNA-verified by Flock 54. As we are retaining his twin sister, we'd like to see him go home with another wether.

MOSES

F5 Ram Lamb (96.88% VBN)

SOLD

Moses will have a wonderful new farm family in Virginia where he will be the BMOF (big man on the farm) for a new Valais Blacknose breed-up program.

LEAH

Proven **F3** (87.5% VBN)
#TN015397/24008

All Saints "Leah" (DOB 3/22/24, Sire: Remarkable Albert) is a first-time mom and has been a wonderful and attentive dam to a beautiful single ewe, F4 "Marietta." She lambed out easily and is a big, sturdy girl with a sweet disposition. While she has more of a SBF look, her soft, curly wool is "very Valais" and her ewe lamb has all the correct Valais markings and features. She is DNA-verified and registered with VBSS. She's easy to handle, walks well on a lead, and enjoys scratches on her sweet face. She's a great choice to jumpstart your breed-up program -- we've been super impressed with her mothering skills!

KEVINA

Proven **F3** (87.5% VBN)
#TN015397/23002

All Saints "Kevina" (DOB 3/25/23, sired by Remarkable Albert) produced a beautifully marked F4 ram lamb at her first lambing in March 2024. This year, she had stellar F4 twins (see ASV "Miles", page 2). She's a wonderful momma and has that super-friendly Valais disposition and look we love about this breed. Her first lambing went without a hitch. This year, she experienced a mild bout of pregnancy toxemia that we managed without incident. As with humans, no two pregnancies are alike and there's no indication this would reoccur (we do, however, want to share this with you). Kevina is as kind and affectionate as they come and will steal your heart at "hello"! She is DNA-verified and registered with VBSS.

WE'RE NOT JUST PASSIONATE ABOUT OUR SHEEP,
WE'RE PASSIONATE ABOUT HELPING YOU LIVE YOUR VALAIS DREAM!

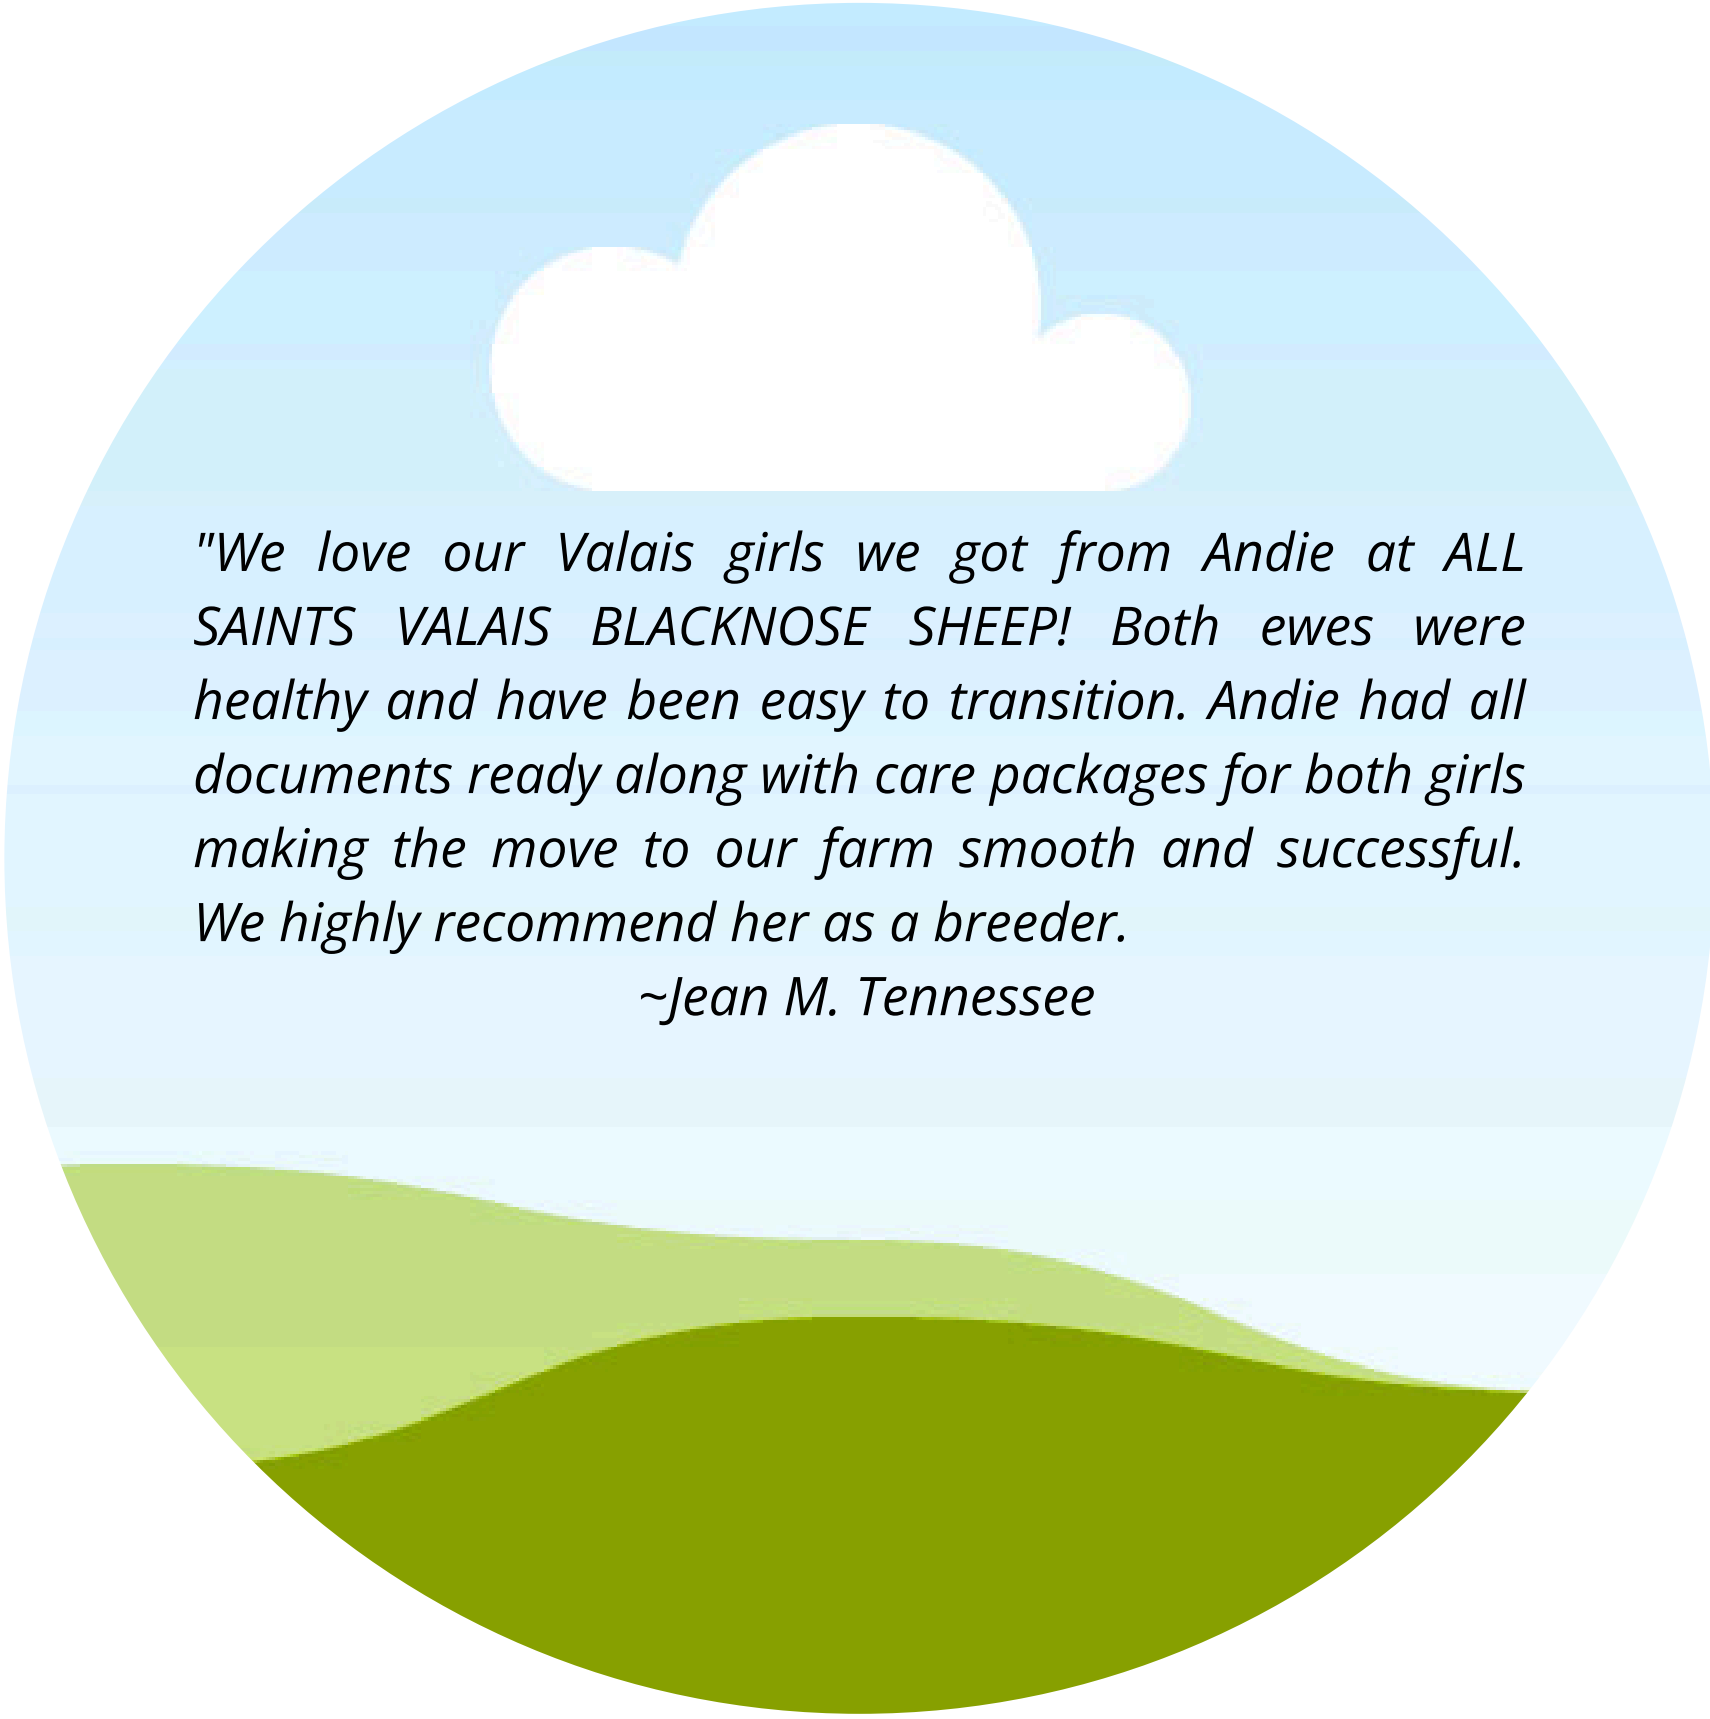

"Andie and Ed at All Saints made my dreams come true this past year with the gift of my 3 Saints: Theo, Iggy and Max! As a first time shepherdess, I learned everything I know from her. She set my boys up for success through her nurturing attention during their first days and months. The joy that I have from these loveable, affectionate, sweet boys is because of her hard work and commitment to a truly magnificent breed-up program. I lean on her still with questions, guidance, ideas and now friendship, even though we are miles away. She's the fairy godmother to my boys and I am so lucky to have a few of her majestic boys as my woolly bears!"

~ Emily M., New Jersey

"Andie and Ed are truly passionate about the Valais Blacknose Sheep. The amount of knowledge and research they have acquired is truly inspirational. To say they are the best breeders in the business is an understatement. Any time day or night, if I had a question Andie would get me an answer back. We could not do this breed up program without them!"

"We love our Valais girls we got from Andie at ALL SAINTS VALAIS BLACKNOSE SHEEP! Both ewes were healthy and have been easy to transition. Andie had all documents ready along with care packages for both girls making the move to our farm smooth and successful. We highly recommend her as a breeder.

~Jean M. Tennessee

Andie and Ed were amazing to work with! We went with All Saints because of all the positive things we read about how they were engaged with their customers and were a huge support system. We were new sheep owners, and they were so helpful at guiding us through the foundations, and even every step of the way, when we had questions or challenges, they were there to help. They truly care about giving the sheep their best life.

~Joshua and Amy K., Tennessee
